NEW PROGRAM STARTED AT VENANGO CAMPUS

The Office of Career Services at Venango Campus has been busily seeking a prospective job market for the Associate Degree Graduates of Venango. The search has been very successful. Many area employers have agreed to place their job openings in the "Jobs List Bulletin" available in the Career Lab, room 217 Frame. Many others have agreed to give presentations to the student body about their companies or to even do on-campus interviewing. Just to give you an example, the F.B.I. and Kinney Shoe Company did on-campus interviews in the early part of March and the Foot Locker and TRAK Associated from Washington D.C. will be interviewing in April. It is important that every student at Venango Campus becomes acquainted with the Career Lab. It is also extremely important to remember that if you do sign up for an on-campus interview, you are going through the real interviewing process with tremendous possibilities of a job. So, don't sign-up and then not attend.

IMPORTANT:

The following piece of information was made known to the BULLETIN this past Friday. Vanango Campus will be having a new parking lot built over the summer. It is hoped that the new parking lot will be able to ease the parking problems created by the fact that V. C. is entirely a commuter campus. Bids for the new parking lot will be accepted starting Friday April 1, 1988. The major cost of the project is expected to be in preparation of the location, which is the only unwelcomed aspect of the project. The best location for the new lot is the area where the pond is now located. Plans are to drain the pond, fill it in and construct the new lot over the summer. It is hoped that the entire project can be completed before classes resume in the fall. Construction should cause no inconveinence to the students attending summer classes. This is a change that will effect the entire campus. If you have any coments direct them to Dr. Rookey in Frame office.

SAVE THE POND

Those who do not wish to see the pond destroyed should contact Beth Davidson in Kim Price's office, room 218 Frame. A meeting will be held Friday, April 1, at 1:00pm to draft a formal complaint to campus administrators. The pond is one of the nicest aspects of the campus and it would be a shame if it were destoyed for the sake of a parking lot that in all reality could be placed somewhere else. Let's stand up for our rights - SAVE THE POND!!!
